AN INVITATION TO CONTRIBUTORS

A special issue devoted to replications, comments and criticisms of the work of Jean Piaget and his associates is being planned for publication during 1967. Scholars interested in this field are invited to submit manuscripts or give notice of intention to submit. The date of publication will be determined by the availability of sufficient suitable copy.

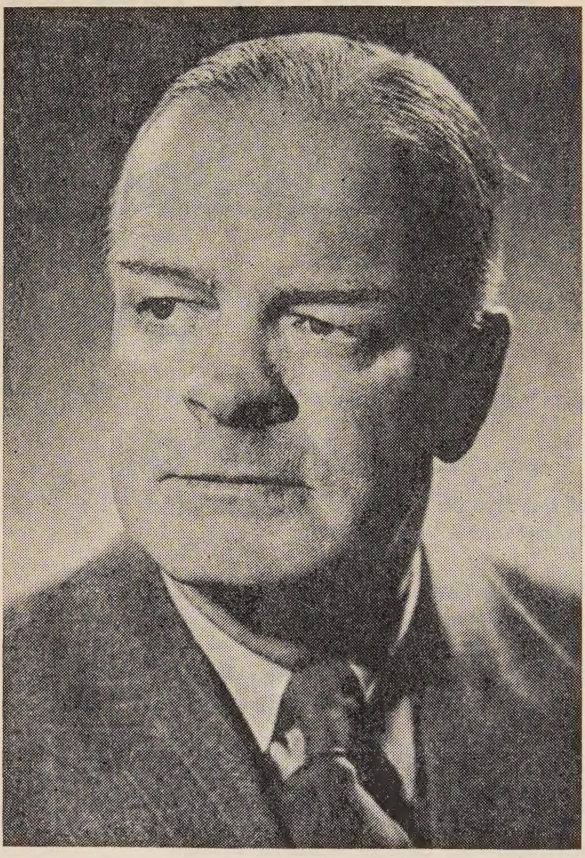
In Recognition and Commemoration

The Director, Division of Educational Research Services, the Editor, Alberta Journal of Educational Research and their associates past and present wish to pay a tribute to the memory of the late George Murry Dunlop.



During his long association with these enterprises he did more than any other to advance the conduct and dissemination of research. Without his initiative and effort neither the Division nor the Journal would have enjoyed the success that has typified them. His untimely death on July 12, was a shock and a grave loss.

To his wife, son and grandchildren we extend sincere sympathy.
